The Native American rescue artist goes back on the job in "another excellently engineered thriller" from the New York Times' bestselling mystery author (Marilyn Stasio, The New York Times Book Review).

Read Book A String Of Beads Thomas Perry

After two decades protecting innocent victims on the run, and a year after getting shot on the job, Jane McKinnon, née Whitefield, has settled into the quiet life of a suburban housewife in Amherst, New York. But that all changes when she sees all eight female leaders of the Tonawanda Seneca clan parked in her driveway in two black cars. Jimmy, a childhood friend of Jane's from the reservation, has been accused of murdering a local white man. But instead of turning himself in, he's fled, and no one knows where he's hiding. At the clan mothers' request, Jane retraces a walking trip she and Jimmy took together when they were fourteen in hopes that he has gone the same way again. But it turns out the police are the least of Jimmy's problems, and soon enough Jimmy and Jane are on the run together in this "first-rate suspense" novel from the Edgar Award-winning author (Booklist, starred review).

"Whitefield is an indelible figure—whip-smart, resourceful, brave and big-hearted." "The Seattle Times"
"Jane Whitefield is unique in the annals of detective fiction. She is a throwback to a tribal world, still loyal to the beliefs of the Seneca Indians and still adhering to the call of a lost era. Thomas Perry has once again resurrected a remarkable character who seems imbued with a strange immortality and an unusual morality, and he is to be congratulated." "The Washington Times"

The Native American guide is hunted for her knowledge in this "tour de force" thriller from the New York Times bestselling author of *Vanishing Act* (Kirkus Reviews, starred review). Jane Whitefield of the Seneca Nation has spent years helping desperate people disappear. But now she is about to become the hunted one. When James Shelby is unjustly convicted of his wife's murder, Jane spirits him out of the heavily guarded criminal court building in downtown Los Angeles. Then, within minutes, Jane is

kidnapped. The person who killed Shelby's wife now wants him dead, and Jane's captors will put her through excruciating torment to discover his whereabouts. Though Jane manages to escape, she is wounded and weak, thousands of miles from home without money or identification . . . and hunted by both police and criminals. Attempting to rejoin Shelby and get to safety, Jane is caught in a waking nightmare, as many of the pursuers she has eluded for years gather to bid on her capture in a multimillion-dollar auction. The winning bidder buys the chance to access Jane's memory, and the locations of everyone she has helped disappear. "Fans of Jane Whitefield know what to expect from this fearless Indian guide in Thomas Perry's quick-witted capers: cunning strategies, clever disguises, ingenious escape tactics and breathtaking cross-country chases. Perry delivers to order in *Poison Flower*." —Marilyn Stasio, *The New York Times Book Review*

"Thomas Perry just keeps getting better," said Tony Hillerman, about *Sleeping Dogs*--and in this superb new novel by one of America's best thriller writers, *Jane Whitefield* takes on the mafia, and its money. Jane Whitefield, the fearless "guide" who helps people in trouble disappear, make victims vanish, has just begun her quiet new life as Mrs. Carey McKinnon, when she is called upon again, to face her toughest opponents yet. Jane must try to save a young girl fleeing a deadly mafioso. Yet the deceptively simple task of hiding a girl propels Jane into the center of horrific events, and pairs her with Bernie the Elephant, the mafia's man with the money. Bernie has a photographic memory, and in order to undo an evil that has been growing for half a century, he and Jane engineer the biggest theft of all time, stealing billions from hidden mafia accounts and donating the money to charity. Heart-stopping pace, fine writing, and mesmerizing characters combine in *Blood Money* to make it the best novel yet by the writer called "one of America's finest storytellers," (San Francisco Examiner).

Jane Whitefield, legendary half-Indian shadow guide who spirits hunted people away from certain death, has never had a client like Dr. Richard Dahlman. A famous plastic surgeon who has dedicated his life to healing, the good doctor hasn't a clue why stalkers are out for his blood. But he knows Jane Whitefield's name--and that she is his only hope. Once again Jane performs her magic, leading Dahlman in a nightmare flight across America, only a heartbeat ahead of pursuers whose leader is a dead ringer for Jane: a raven-haired beauty who has stolen her name, reputation, and techniques--not to save lives, but to destroy them. . . .

“A challenging and satisfying thriller . . . [with] many surprising twists.”*The New York Times* Jane Whitefield is a Native American guide who leads people out of the wilderness—not the tree-filled variety but the kind created by enemies who want you dead. She is in the one-woman business of helping the desperate disappear. Thanks to her membership in the Wolf Clan of the Seneca tribe, she can fool any pursuer, cover any trail, and then provide her clients with new identities, complete with authentic paperwork. Jane knows all the tricks, ancient and modern; in fact, she has invented several of them herself. So she is only mildly surprised to find an intruder waiting for her when she returns home one day. An ex-cop suspected of embezzling, John Felker wants Jane to do for him what she did for his buddy Harry Kemple: make him vanish. But as Jane opens a door out of the world for Felker, she walks into a trap that will take all her heritage and cunning to escape. . . . Praise for *Vanishing Act* “Thomas Perry keeps pulling fresh ideas and original characters out of thin air. The strong-willed heroine he introduces in *Vanishing Act* rates as one of his most singular creations.”*The New York Times Book Review* “One thriller that must be read. . . . Perry has created his most complex and compelling

protagonist.[]San Francisco Examiner

[]Compelling . . . Nobody writes a chase better than [Thomas] Perry.[]The Washington Post Book World Jane Whitefield is the patron saint of the pursued, a Native American []guide[] who specializes in making victims vanish. Calling on the ancient wisdom of the Seneca tribe and her own razor-sharp cunning, she conjures up new identities for people with nowhere left to run. She's as quick and quiet as freshly fallen snow, and she covers a trail just as completely. But when a calculating killer stalks an innocent eight-year-old boy, Jane faces dangerous obstacles that will put her powers[]and her life[]to a terrifying test. . . . Praise for Dance for the Dead []Spellbinding . . . Terrific . . . Jane Whitefield may be the most arresting protagonist in the 90s thriller arena. . . . Thrillers need good villains, and this one has a formidable SOB who is cold-blooded enough to satisfy anybody's taste.[]Entertainment Weekly []A terse thriller . . . Perry starts the story with a bang.[]San Francisco Chronicle []One of the most engaging heroines in contemporary suspense.[]The Flint Journal

In her latest adventure, Jane Whitefield, who helps people in trouble disappear from one life and establish a new identity, is hired by a Las Vegas gambling casino executive running from contract killers. But the killers are on the trail of the shadow woman and soon Jane becomes the principle target of their rage and revenge. From the Hardcover edition.

From the New York Times[]bestselling author of Poison Flower: a retired intelligence officer is caught in [][a] harrowing hunt-and-hide adventure[] (The New York Times). To all appearances, Dan Chase is a harmless retiree in Vermont with two big mutts and a grown daughter he keeps in touch with by phone.

Read Book A String Of Beads Thomas Perry

But most sixty-year-old widowers don't have multiple driver's licenses, savings stockpiled in banks across the country, or two Beretta Nanos stashed in the spare bedroom closet. Most have not spent decades on the run. Thirty-five years ago, as a young army intelligence hotshot, Chase was sent to Libya to covertly assist a rebel army. When the plan turned sour, Chase acted according to his conscience—and triggered consequences he never could have anticipated. To this day, someone still wants him dead. And just when he thought he was finally safe, Chase is confronted with the history he spent much of his life trying to escape. "Perry drives deep into Jack Reacher territory in this stand-alone [novel] . . . Swift, unsentimental, and deeply satisfying. Liam Neeson would be perfect in the title role." —Kirkus Reviews

In the early years of the Victorian age, a newly literate class of readers turned to "penny dreadfuls" for escapist fun. Blood-curdling tales, published in installments and costing only a penny, offered gripping episodes of romance, mystery, and horror. The notorious penny dreadful *Sweeney Todd: The String of Pearls* recounts a young woman's desperate search for her missing sailor sweetheart—a quest that ends in a Fleet Street barber shop, where the proprietor has an unsavory connection with a local baker and the secret ingredient to her delicious meat pies. Authorship of this tale, which was printed anonymously in 1846-47 in eighteen weekly installments, remains in doubt. The story's serial publication ensured an abundance of cliffhangers, and its dark humor made it an especially appealing source for the long-running Broadway musical *Sweeney Todd: The Demon Barber of Fleet Street*. A delight for fans of the modern play, this gripping yarn remains a treat for readers of Victorian mysteries.
