After Math: Off the Subject, Book 1 (Audio Download ...

This book is a romance story between two unlikely people- mr popular Tucker and the geeky maths student Scarlett. This is their story of both hiding their own secrets about their troubled pasts and finding peace within each other. Where this book was a nice easy romance and the characters were quite likeable- it just felt far too young for me.

Anger, also known as wrath or rage, is an intense emotional state involving a strong uncomfortable and non-cooperative response to a perceived provocation, hurt or threat.. A person experiencing anger will often experience physical effects, such as increased heart rate, elevated blood pressure, and increased levels of adrenaline and noradrenaline. Some view anger as an emotion which triggers ...

2.2. Explain the effects of discrimination, stereotyping and labelling on children and young people. Discrimination against a child can make them feel isolated and different to other children. Children can be very unintentionally cruel to one another and should be helped to understand that everyone is different and how this is a good thing. The effects of discrimination can be: Physical- Signs ...
