can do. Consider that volatile weather events disrupt trusted supply chains, markets, and promised delivery schedules. Ever-shifting geo-political tensions, as well as internal political upheaval within U.S. and global governments, derail long-planned new ventures. Technology failures block opportunities.

Online Library

Agility Shift

Competitors suddenly change their product or release date; your team cannot meet the pace of innovations in your market niche, leaving you sidelined. There are myriad ways in the current business environment for a company's well-considered business plans to go awry. Most business schools

Online Library

Agility Shift

continue to prepare managers to be effective in stable and predictable environments, conditions that, if they ever existed at all, are long gone. The Agility Shift shows business leaders exactly how to make the radical mindset and strategy shift necessary to create an agile, entrepreneurial organization that can

Online Library

Agility Shift

innovate and thrive in complex, ever-changing contexts. As author Pamela Meyer explains, there is much more involved than a reconfiguration of the org chart and job descriptions. It requires relinquishing the illusion of control at the very foundation of most management training and business practice.

Online Library

Agility Shift

Despite most leaders' approaches, "Agility is not simply accelerated planning." Unlike many agility books on the market, *The Agility Shift* provides specific, actionable strategies and tactics for leaders at all levels of the organization to put into practice immediately to improve agility and achieve results.

Online Library Agility Shift Creating Agile And Effective Leaders, Teams

Enterprise Agility is a practical framework for enhancing Agility and equipping your company with the tools to survive.

Key Features Prepare your company to navigate the rapidly-moving business world Enhance Agility in every component of your

Online Library

Agility Shift

organization Build a framework that meets the unique requirements of your enterprise Book

Description The biggest challenge enterprises face today is dealing with fast-paced change in all spheres of business.

Enterprise Agility shows how an enterprise can address this challenge head on and thrive in the dynamic environment.

Online Library

Agility Shift

Avoiding the mechanistic construction of existing enterprises that focus on predictability and certainty, Enterprise Agility delivers practical advice for responding and adapting to the scale and accelerating pace of disruptive change in the business environment. Agility is a fundamental shift in thinking about how enterprises work to

Online Library

Agility Shift

effectively deal with disruptive changes in the business environment.

The core belief underlying agility is that enterprises are open and living systems. These living systems, also known as complex adaptive systems (CAS), are ideally suited to deal with change very effectively. Agility is to enterprises what health is

Online Library

Agility Shift

to humans. There are some foundational principles that can be broadly applied, but the definition of healthy is very specific to each individual. Enterprise Agility takes a similar approach with regard to agility: it suggests foundational practices to improve the overall health of the body—culture, mindset,

Online Library

Agility Shift

and leadership—and the health of its various organs: people, process, governance, structure, technology, and customers. The book also suggests a practical framework to create a plan to enhance agility. What you will learn

- Drive agility-oriented change across the enterprise
- Understand why agility matters (more

Online Library

Agility Shift

(than ever) to modern enterprises Adopt and influence an Agile mindset in your teams and in your organization Understand the concept of a CAS and how to model enterprise and leadership behaviors on CAS characteristics to enhance enterprise agility Understand and convey the differences between Agile and true enterprise

Online Library

Agility Shift

agility Create an enterprise-specific action plan to enhance agility
Become a champion for enterprise agility
Recognize the advantages and challenges of distributed teams, and how Agile ways of working can remedy the rough spots
Enable and motivate your IT partners to adopt Agile ways of working Who

Online Library

Agility Shift

this book is for
Enterprise Agility is a tool
for anyone with the
motivation to influence
outcomes in an
enterprise, who aspires to
improve Agility. Readers
from the following
backgrounds will benefit:
chief executive officer,
chief information officer,
people/human resource
director, information
technology director,

Online Library Agility Shift

head of change program,
head of transformation,
and Agile
coach/consultant.

And

"This book should be
required reading for
leaders looking to
implement Agile in their
organizations." - Sam
Brilliant, Sr. Program
Manager, Navy Federal
Credit Union. Agile
transformation is hard to

Online Library Agility Shift

achieve. It is especially difficult when the common notion of what that means is misconstrued. What many are calling Agile is not Agile, and they don't even know it. This misunderstanding leads to misapplication. The result is that true Agile transformation remains elusive. It's time to rethink your approach!

Online Library

Agility Shift

What you do matters, but why you do it matters more. This book will help you learn from the mistakes of the "common wisdom" and discover a proven path to organizational agility where Mindset Transcends Methodology. "Jimmie has a knack for challenging the common wisdom and helping

Online Library

Agility Shift

teams think differently about what success looks like." - John Laub, President, Gray Leaf Technology Consultants. To solve a problem, you must first understand the problem. The first half of the book contrasts the true meaning and intent of Agile with what most organizations are actually doing in order to help you understand where

Online Library Agility Shift

your organization sits within that spectrum. Armed with an understanding of the problem, the latter half of the book provides a tried and proven approach to moving teams and organizations toward a genuine Agile transformation, and ultimately a Timeless Agility. Timeless Agility is the outcome of a

Online Library

Agility Shift

mindset that transcends methodology. It consistently allows you to effectively and efficiently identify, produce, and deliver the next right thing, regardless of methodology trends. To attain Timeless Agility, to reach for that elusive organizational agility, your entire organization needs to think differently. Agile transformation,

Online Library

Agility Shift

therefore, is going to be more about transforming minds than practices.

Your understanding impacts what you do and how you do it. What you believe and value is the foundation from which all else derives. How you do your work will change over time as you learn and grow, but why you do what you do transcends all of those

Online Library

Agility Shift

changes. Very few organizations have actually achieved organization-wide transformation. Many are on the wrong path altogether. Perhaps the common approaches and thought processes taught are not necessarily what you should emulate. To get over that proverbial hump, it is time to look at this from a different

Online Library Agility Shift

perspective. This book will show you Agile from a different lens than you may be wearing right now. Embrace it and evaluate for yourself.

From Workplace to Playspace is about visionary, courageous, innovative, and persistent organizations that challenge long-held preconceptions about the

Online Library

Agility Shift

incompatibility of
workplace and playspace.
Each day organizations
across industries and with
wide-ranging missions
are discovering that
playspace is the space
they can and must create
every day at work if they
are to think creatively,
question old
assumptions, respond
effectively to the
unexpected, and engage

Online Library

Agility Shift

all to work at the top of their talent. Filled with case examples from such organizations as Learning Curve International, Google, Chicago Public Schools, Umpqua Bank, and Threadless, the author provides both the conceptual framework and the principles to guide practitioners to create playspace for innovating, learning and

Online Library Agility Shift

changing in their
organizations.

It's no secret that we are living in the Digital Age. Technology companies make up seven of the world's ten largest firms by market capitalization. And the key to their success is the key to all modern organizations. Jonathan Smart, business agility practitioner,

Online Library Agility Shift

thought leader, and coach, reveals the patterns and antipatterns that will help organizations from every industry deliver better value sooner, safer, and happier through high levels of engagement, inclusion, and empowerment. Through his decades of experience in the technology world, Smart provides business

Online Library

Agility Shift

Leaders with a blueprint for creating a world-class organization of the future. Through Agile and Lean ways of working, business leaders can empower teams to improve production, grow together, and create better services for their customers. These better ways of working have overflowed from the IT department to every

Online Library Agility Shift

corner of successful
organizations, taking
root in every industry
from aerospace to
accounting, insurance to
shipping. This book is
not about software
development. It is not a
book about the
computer industry. This
book is about applying
agility across the entire
organization. It's a book
that will put you at the

Online Library Agility Shift

front of change and
ahead of the
competition.

Creating Agile And Effective Leaders Teams

The essential capabilities
organizations need to
master turbulent change

Rapid and disruptive
change threatens the
adaptive capacity of
organizations, along with
the individuals and teams
leading them. Based
upon over a decade of

Online Library Agility Shift

global research and consulting, Joseph E. McCann and John W. Selsky outline five capabilities highly agile and resilient systems must possess. They must be: Purposeful, Aware, Action-Oriented, Resourceful, and Networked. In addition the authors illustrate how these capabilities can be assessed across four

Online Library

Agility Shift

levels—individuals, teams, organizations, and their business ecosystems. The goal is to develop these capabilities in tandem so that the individual, team, organization and ecosystem have High AR—not just greater agility or resiliency, but both high agility and high resiliency. The authors outline balanced

Online Library

Agility Shift

development strategies
for creating High AR that
can be used to master
turbulent environments
for competitive
advantage and sustained
performance Includes
cutting-edge concepts
and examples that take
readers from the latest
advances in neuro-
science and executive
wellness to global supply
chains and innovation

Online Library Agility Shift

strategy Contains
illustrative examples and
vignettes from leading
organizations including
Mayo Clinic, Microsoft,
Starbucks, Southwest
Airlines, TECO Energy,
Shell Oil, Walmart, and
others Most important,
McCann, and Selsky
deliver a unique and
practical perspective that
helps organization
leaders make sense of the

Online Library Agility Shift

dynamic world in which they operate.

As the world rapidly changes, so are consumers' needs and expectations, the global marketplace, and the necessity for organizations to evolve equally fast. Many companies are attempting agile transformation, but

Online Library Agility Shift

without a shift in traditional leadership mindsets, abilities, and development, they will not succeed. To navigate change and achieve success, you need to become an Agile Leader(TM). Today's leaders need to be agile in order to develop and drive agile teams, organizations, culture, and results. Author

Online Library

Agility Shift

Chuck Mollor, an experienced executive coach and former CEO, shares his story of self-awareness, self-acceptance, and self-development, while demonstrating a new leadership paradigm, a roadmap of what makes a great leader, and what organizations must do to develop great leaders. Discover a new approach

Online Library

Agility Shift

in what it means to lead in today's environment. Learn the key traits of great leaders and how to inspire your team to break through, achieve, and build high performing teams and organizations. Gain the self-awareness, knowledge, skills and behaviors to realize what is holding you back and how to manage your own

Online Library

Agility Shift

triggers so you can reach the next level. Are you ready to make the shift? What Leaders Are Saying "This is not your typical theory-based leadership book. Chuck Mollor artfully couples his framework with specific tactics, and provides a blueprint for what organizations need to do to develop their current and future leaders....

Online Library

Agility Shift

Mollor's decades of experience add a tried and true human element to the subject matter, making this an entertaining and highly valuable read." Peter P. Dhillon Chairman of the Board, Ocean Spray Cranberries "Chuck Mollor cuts to the heart of key pitfalls and opportunities in leadership today.

Online Library

Agility Shift

Reading The Rise of the Agile Leader is like having your own executive coach in the

room...." Deniz Razon
Chief Commercial
Officer, Servier

Pharmaceuticals "Now more than ever, leaders must be agile - able to respond to ever changing market conditions and employee needs and expectations. The Rise of

Online Library

Agility Shift

the Agile Leader is a practical handbook to help you improve your leadership skills and effectiveness.... Chuck Mollor gives a roadmap to true talent optimization." Kirk Arnold Executive in Residence, General Catalyst. Senior Lecturer, MIT Sloan School of Management "Chuck Mollor's agile leadership

Online Library Agility Shift

framework perfectly captures what all leaders and managers should aspire to be. Best of all, this book spells out exactly how to develop those critical leadership skills, no matter where you are in your career. In my experience leading HR in several industries and companies, a resource like this is invaluable to leadership

Online Library Agility Shift

development." Erin
McSweeney EVP, Chief
Human Resources
Officer, Optum

And
An unstoppable business
revolution is under
way--and it is Agile.
