Sean looked out over the lake, squinting against the sunlight. He turned to me, his expression sobering as his eyes flicked over my face in a silent study. "Come on Amy, I saved you once, I'll save you again." I met his stare unflinchingly. "I don't need saving." A wicked grin formed slowly. "Don't you?" After a rebellious summer night that almost claimed her life, Amy

Henderson – the Onslow publican's only daughter – is sent away to suffer a fate far worse than any other punishment: Boarding School. Three years on, a now nineteen-year-old Amy returns to Onslow for the summer. What once was a cauldron of activity with live bands, hot meals and cold beers, the Onslow Hotel now lies dark, deserted and depressing. All fond childhood memories of loitering on the hotel stairs and eavesdropping on customers' colourful conversations are in the distant past. How had her dad let it come to this? With the new threat of putting the Onslow up for sale, Amy reluctantly turns to a local tradesman for help: Sean Murphy, the very same Onslow boy who saved her life all those years ago. With his help and that of some old friends, the task is clear: spend the summer building the hotel back up to its former glory or lose it for good. In an endless summer, Amy soon realises that sometimes in order to save your future, you have to face your past, even if it's in the form of a smug, gorgeous Onslow boy.

It seemed only natural to nickname them the 'Onslow Boys'. Every time they swaggered in the front door of the Onslow Hotel after a hard week's work, their laughter was loud and genuine as they settled onto their bar stools. I peeked through the restaurant partition, a flimsy divider between my world and

She wants nothing more than to forget the past haunts of high school and have fun with her best friends before the dreaded Year Twelve begins. To Tess, summer is when everything happens: riding bikes down to the lake, watching the fireworks at the Onslow Show and water bomb fights at the sweltering Sunday markets. How did she let her friends talk her into working? After first-shift disasters, rude, wealthy tourists and a taunting ex-boyfriend, Tess is convinced nothing good can come of working her summer away. However, Tess finds unlikely allies in a group of locals dubbed 'The Onslow Boys', who are old enough to drive cars, drink beer and not worry about curfews. Tess's summer of working expands her world with a series of first times with new friends, forbidden love and heartbreaking chaos. All with the one boy she has never been able to forget. It will be a summer she will always remember. Warning: sexual references, and occasional coarse language. Stan Remington is the go-to man; what he doesn't know about Onslow means one of two things: it doesn't exist or it hasn't happened yet. And when it comes to Onslow, for Stan, being an only child has meant a guilt-riddled sense of duty to help out at his parents' caravan park every summer. Same old town. Same old story. Until Belinda Evans. The wild and annoying doctor's daughter spends her summer

THAT ONE SUMMER Now the countdown begins to reach the others at Point Shank before the party is over and the new year has begun. Alone in a car with only the infuriating Chris Henderson, Tammy can't help but feel this is a disastrous start to what could have been a great adventure. But when the awkward road trip takes an unexpected turn, Tammy soon discovers that the way her traitorous heart feels about Chris is the biggest disaster of all. Fogged up windows, moonlight swimming, bad karaoke and unearthed secrets; after this one summer nothing will ever be the same again.

Living Dinosaurs offers a snapshot of our current understanding of the origin and evolution of birds. After slumbering for more than a century, avian palaeontology has been awakened by startling new discoveries on almost every continent. Controversies about whether dinosaurs had real feathers or whether birds were related to dinosaurs have been swept away and replaced by new and more difficult questions: How old is the avian lineage? How did birds learn to fly? Which birds survived the great extinction that ended the Mesozoic Era and how did the avian genome evolve? Answers to these questions may help us understand how the different kinds of living birds are related to one another and how they evolved into their current niches. More importantly, they may help us understand what we need to do to help them

survive the dramatic impacts of human activity on the planet.

Loving Chris Henderson would be wrong. Diabolically disastrous. I mean, what is there about him to love? He's moody, bossy, brooding, a control freak, and that's on a good day ... but there was one aching obvious fact that haunted my every thought, every minute of every day ... He sure could kiss. As the countdown to the new millennium begins, there is one thing everyone agrees on: no one wants to be in Onslow for New Year's Eve. So that can only mean one thing: road trip! No longer the mousey, invisible, shy girl from years ago, Tammy Maskala is finally making up for all those lost summers. A new year with new friends, which astoundingly includes the bossy boy behind the bar, Chris Henderson. She likes her new friends (at least most of them), so why does she secretly feel so out of place? After chickening out on the trip, a last-minute change of heart sees Tammy racing to the Onslow Hotel, fearing she's missed her chance for a ride. The last thing she expected to meet was a less-than-happy Onslow Boy leaning against his black panel van. Now the countdown begins to reach the others at Point Shank before the party is over and the new year has begun. Alone in a car with only the infuriating Chris Henderson, Tammy can't help but feel this is a disastrous start to what could have been a great adventure.
