The most usual reason why a cheque is dishonoured is that the cheque was written on a bank account that does not have enough money in it to cover that payment, which is called insufficient funds.

Principles of Accounts is a major new textbook which provides in-depth coverage of all aspects of the CXC Principles of Accounts and Book Keeping syllabuses at basic and general levels. It is also an invaluable resource book for students preparing for advanced level accounting and for those taking accounting examinations with other examining bodies. Emphasis is placed on a clear, thorough, step-by-step presentation suitable for both classroom use and self study. Worked examples of typical exam-style questions reinforce the text and illustrate the layout of different kinds of accounts. Numerous exercises in each chapter give students plenty of practice on questions based on CXC requirements. Selected answers are given at the back of the book.

Stoltz; Feb. 2003 Dec. 2004), prior to joining IIT Madras in December 2004 where he is presently holding Professor position.

The book has been specifically designed to include all topics covered in first courses in accounting in higher education. In addition, it caters for the curriculum of professional bodies which examine students for entry into business and accounting careers.

Book-Keeping Made Simple, Revised Edition covers all the basic principles of elementary book-keeping. The book describes the requirements and process of starting a business, including ledger accounts, classifying the assets, the balance sheet, buying assets, and transactions involving liabilities. The text also discusses the double-entry systems; subsidiary books and original documents; the reduction of work-on day book entries; and the three-column cash books. The journal proper, the Imprest system, the trial balance and its limitations, and the bank reconciliation statements are also considered. The book further tackles analytical or columnar day books; the principle and layout of the cash book; the adjustments in final accounts; and partnership accounts. The text also discusses departmental-, manufacturing-, and control accounts and accounts of limited companies; the amalgamation of businesses; the purchase of a business; and the bills for exchange. Students of book-keeping will find the book invaluable.

Financial Accounting for BBA has been written to meet the requirements of undergraduate students, particularly at the BBA level. This book covers the syllabi of major universities across the country, providing basic knowledge of accounting principles and practices in a systematic manner. The topics have been dealt with in a lucid manner to enable better understanding, especially for those students who do not have an accounting background. The text is examination-oriented and is supplemented with relevant solved illustrations for all the topics.

Financial Accounting provides a comprehensive coverage to course requirements of students appearing in the paper Financial Accounting at BCom, BCom (Hons) examinations of different Indian universities and Foundation Examination (NS) of the Institute of Company Secretaries of India. The book is divided into four sections: Section I explains the fundamental principles necessary for understanding the subject. It covers the entire accounting cycle—from recording of financial transactions to the preparation of final accounts. Section II deals with accounting problems related to certain specific types of business transactions. Section III deals with partnership accounts. Section IV provides suggested answers to recent examinations' questions.

Financial Accounting provides a comprehensive coverage of course requirements for students studying to appear in the Financial Accounting paper of B.Com examinations under different Indian universities, including those that have adopted the CBCS system. It also meets the requirements of students appearing in the accounting paper at the Foundation Examinations of Institute of Chartered Accountants of India, the Institute of Company Secretaries of India and the Institute of Cost Accountants of India.

Financial Accounting for BBA has been written to meet the requirements of undergraduate students, particularly at the BBA level.
