Set against the most dramatic time in our species' history, The Dog Master tells the story of one tribe's struggle for survival and one extraordinary man's bond with a wolf--a friendship that changed mankind forever. Thirty thousand years ago, ice was storming the planet. Among the species forced out of the trees and onto the steppes by the advancing cold was modern man, who was both predator and prey. No stranger to the experiences that make us human--a mother's love and a father's betrayal, tribal war and increasing famine, political intrigue and forbidden love, joy and hope and devastating loss--our ancestors competed for scant resources in a brutal landscape. Mankind stood on the cold brink of extinction...but they had a unique advantage over other species, a new technology--domesticated wolves. Only a set of extraordinary circumstances could have transformed one of these fierce creatures into a hunting companion, a bodyguard, a soldier, and a friend. The Dog Master by New York Times bestselling author W. Bruce Cameron is an evocative glimpse of prehistory, an emotional coming of age saga, a thrilling tale of survival against all odds, and the exciting, imaginative story of the first dog--a perfect gift for everyone who loves and appreciates humanity's best friend. **A Dog's Purpose Series #1 A Dog's Purpose #2 A Dog's Journey #3 A Dog's Promise Books for Young Readers Ellie's Story: A Dog's Purpose Puppy Tale Bailey's Story: A Dog's Purpose Puppy Tale Molly's Story: A Dog's Purpose Puppy Tale Max's Story: A Dog's Purpose Puppy Tale Toby's Story: A Dog's Purpose Puppy Tale Shelby's Story: A Dog's Way Home Novel The Rudy McCann Series The Midnight Plan of the Repo Man Repo Madness Other Novels A Dog's Way Home The Dog Master The Dogs of Christmas Emory's Gift** At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

From W. Bruce Cameron, the author of the New York Times and USA Today bestselling novel A Dog's Purpose, which is now a major motion picture! "The Midnight Plan of the Repo Man introduces my favorite kind of flawed cynical protagonist in Ruddy McCann, former football star, now Repo Man in a small town full of memorable weirdos. It's suspenseful, action-packed, romantic, and above all, truly funny. I loved it."—Nelson DeMille, New York Times bestselling author Ruddy McCann, former college football star, has experienced a seismic drop in popularity; he is now Kalkaska, Michigan's full-time repo man and part-time bar bouncer. His best friend is his low-energy Basset hound Jake, with whom he shares a simple life of stealing cars. Simple, that is, until Ruddy starts hearing a voice in his head. The voice introduces himself as Alan Lotner, a dead realtor. Ruddy isn't sure if Alan is real, or if he's losing his mind. To complicate matters, it turns out Katie, the girl he's fallen for, is Alan's daughter. When Alan demands Ruddy find his murderers, Ruddy decides a voice in your head seeking vengeance is best ignored. When Alan also demands he clean up his act, and apartment, Ruddy tells him to back off, but where can a voice in your head go? With a sweet romance, a murder mystery, a lazy but loyal dog and a town full of cabin-fevered characters you can't help but love, New York Times bestselling novelist W. Bruce Cameron's The Midnight Plan of the Repo Man is yet another laugh-out-loud, keep-you-up-late, irresistible read. **A Dog's Purpose Series #1 A Dog's Purpose #2 A Dog's Journey #3 A Dog's Promise (forthcoming) Books for Young Readers Ellie's Story: A Dog's Purpose Puppy Tale Bailey's Story: A Dog's Purpose Puppy Tale Molly's Story: A Dog's Purpose Puppy Tale Max's Story: A Dog's Purpose Puppy Tale Toby's Story: A Dog's Purpose Puppy Tale (forthcoming) Shelby's Story: A Dog's Way Home Novel The Rudy McCann Series The Midnight Plan of the Repo Man Repo Madness Other Novels A Dog's Way Home The Dog Master The Dogs of Christmas Emory's Gift** At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Fifteen years in the making, Mountain Ranges of Colorado will prove to be John Fielder's definitive photographic essay about Colorado mountains. For the first time in any publication, this book delineates and celebrates the 28 distinct mountain ranges that define Colorado's Southern Rockies.

This all-new third edition of this best-selling flyfishing guide to Colorado's waters includes an 8.5x11-inch layout, full-color photos and maps, and many brand-new redesigned highly detailed river and lake maps with GPS coordinates for all access points. Breaking the state into six sections, Bartholomew, a Colorado native and guide, blends his personal knowledge with the experience of state biologists and regional shop owners to offer the most complete flyfishing guide ever offered on Colorado. Also includes a warm-water section.

Evoking Krakauer's Into the Wild, Dan Schultz tells the extraordinary true story of desperado survivalists, a brutal murder, and vigilante justice set against the harsh backdrop of the Colorado wilderness On a sunny May morning in 1998 in Cortez, Colorado, three desperados in a stolen truck opened fire on the town cop, shooting him twenty times; then they blasted their way past dozens of police cars and disappeared into 10,000 square miles of the harshest wilderness terrain on the North American continent. Self-trained survivalists, the outlaws eluded the most sophisticated law enforcement technology on the planet and a pursuit force that represented more than seventy-five local, state, and federal police agencies with dozens of swat teams, U.S. Army Special Forces, and more than five hundred officers from across the country. Dead Run is the first in-depth account of this sensational case, replete with overbearing local sheriffs, Native American trackers, posess on horseback, suspicion of vigilante justice and police cover-ups, and the blunders of the nation's most exalted crime-fighters pursuing outlaws into territory in which only they could survive.

Recent studies of past climate and streamflow conditions have broadened understanding of long-term water availability in the Colorado River, revealing many periods when streamflow was lower than at any time in the past 100 years of recorded flows. That information, along with two important trends-a rapid increase in urban populations in the West and significant climate warming in the region-will require that water managers prepare for possible reductions in water supplies that cannot be fully averted through traditional means. Colorado River Basin Water Management assesses existing scientific information, including temperature and streamflow records, tree-ring based reconstructions, and climate model projections, and how it relates to Colorado River water supplies and demands, water management, and drought preparedness. The book concludes that successful adjustments to new conditions will entail strong and sustained cooperation among the seven Colorado River basin states and recommends conducting a comprehensive basinwide study of urban water practices that can be used to help improve planning for future droughts and water shortages.

An exploration of the hidden history of camping in American life that connects a familiar recreational pastime to camps for functional needs and political purposes. Camping appears to be a simple proposition, a time-honored way of getting away from it all. Pack up the car and hit the road in search of a shady spot in the great outdoors. For a modest fee, reserve the basic infrastructure--a picnic table, a parking spot, and a place to build a fire. Pitch the tent and unroll the sleeping bags. Sit under the stars with friends or family and roast some marshmallows. This book reveals that, for all its appeal, the simplicity of camping is deceptive, its history and meanings far from obvious. Why do some Americans find pleasure in sleeping outside, particularly when so many others, past and present, have had to do so for reasons other than recreation? Never only a vacation choice, camping has been something people do out of dire necessity and as a tactic of political protest. Yet the dominant interpretation of camping as a modern recreational ideal has obscured the connections to these other roles. A closer look at the history of camping since the Civil War reveals a deeper significance of this American tradition and its links to core beliefs about nature and national belonging. Camping Grounds rediscovers unexpected and interwoven histories of sleeping outside. It uses extensive research to trace surprising links between veterans, tramps, John Muir, African American freedpeople, Indian communities, and early leisure campers in the nineteenth century; tin-can tourists, federal campground designers, Depression-era transients, family campers, backpacking enthusiasts, and political activists in the twentieth century; and the crisis of the unsheltered and the tent-based Occupy Movement in the twenty-first. These entwined stories show how Americans camp to claim a place in the American republic and why the outdoors is critical to how we relate to nature, the nation, and each other.

Outdoor Leadership, Second Edition, is the definitive text for developing student leadership in outdoor and adventure settings throughout the world. Crafted by an author team internationally recognized for their research, teaching, and experience in outdoor and adventure leadership, this new edition provides students with the foundational knowledge they need to develop as competent professionals in the field. Grounded in Eight Core Competencies Through Outdoor Leadership, Second Edition, students are introduced to eight core competencies that the authors consider essential to outdoor leadership: 1. Foundational knowledge 2. Self-awareness and professional conduct 3. Decision making and judgment 4. Teaching and facilitation 5. Environmental stewardship 6. Program management 7. Safety and risk management 8. Technical ability This unique approach to outdoor and adventure leadership will help students meet current professional standards in the field as they prepare for careers in education and recreation. The students move step by step through the materials and assignments, gaining and demonstrating leadership competencies, which they will document through a portfolio of their course experiences. The development of these portfolios is a highly practical and valuable takeaway for students looking to get a leg up as they ready themselves for their careers. New to the Text This latest edition of Outdoor Leadership offers new features, material, and resources, including: • The expertise and perspectives of new author Marni Goldenberg • A new chapter on program assessment • A new chapter on developing cultural and social justice competencies as an outdoor leader • A redistribution of the content on values and ethics (formerly a single chapter) across multiple chapters • An increased emphasis on international perspectives • A stronger focus on outdoor leadership in the area of ecotourism • Revisions to address critical issues in the evolving field of outdoor and adventure leadership • New ancillaries, including an instructor guide (which includes learning and portfolio activities for each chapter, as well as other new learning experiences), a test package, and a presentation package Emphasizing Both Theory and Practice While primarily directed at novice outdoor leaders, , is useful for more experienced outdoor leaders as well, including administrative and supervisory personnel in outdoor leadership organizations. The authors have created a balance between theory and practice as they explore the eight core competencies by doing the following: • Introducing students to a wide variety of theories and concepts integral to outdoor leadership • Using chapter-opening vignettes to illustrate the theories and concepts addressed in the chapter • Acquainting readers with numerous organizations and agencies in which outdoor leaders work • Offering a series of learning activities and professional development exercises to transform the theoretical into the practical Preparing Students for Successful Careers The result is a highly useful resource that grounds students in the theories, concepts, and competencies that they need in order to be successful leaders in outdoor and adventure settings. This competency-based approach will help aspiring outdoor leaders plan safe, enjoyable, and ecologically responsible expeditions; acquire and showcase their leadership abilities, culminating in a professional portfolio; and develop the knowledge and expertise they need to be effective leaders.
