Economics Mcgraw Hill 18th Edition

Samuelson's text was first published in 1948, and it immediately became the authority for the principles of economics courses. The book continues to be the standard-bearer for principles courses, and this revision continues to be a clear, accurate, and interesting introduction to modern economics principles.

Mcgraw Hill Economics

18th Edition is an introductory textbook by American economists Paul Samuelson and William Nordhaus. It was first published in 1948, and has appeared in nineteen different editions, the most recent in 2009. It was the best selling economics textbook for many decades and still remains popular, selling over 300,000 copies of each edition from 1961 through 1976.
