English for Maritime - Career-Aligned Courses - Voxy

The first official attempt from IMO to create a common working language in the maritime industry can be dated back to 1973 when the Maritime Safety Committee agreed that English should be used for navigational purposes when needed. As a result of this, the Standard Marine Navigational Vocabulary was adopted in 1977. The following years saw a lot of work by the committees, and the Assembly finally adopted the SMCP in 2001.
