Extraordinary Means - HarperCollins

Extraordinary Means is a young adult novel by American author Robyn Schneider, first published in 2016. Centering on Lane, an awkward and ambitious high school student who is diagnosed with a rare, drug-resistant form of tuberculosis, the novel follows him as he's sent to the remote boarding school and sanitorium Latham House, a relaxed environment that isolates these highly contagious teenage patients among each other as the on-site doctors attempt to cure them with experimental medicine.

? Robyn Schneider, quote from Extraordinary Means "I have a theory that life is gathering the raw materials, and when we die, we get to make patterns out of our lives and relive them in whatever order we want. That way I can spend forever repeating the days when I was really happy, and never have to experience any of the sad days.
