With the same contemporary approach and dynamic examples that made previous editions so popular, **FUNDAMENTALS OF FINANCIAL MANAGEMENT**, 14e continues to provide students with a focused understanding of today's corporate finance and financial management. This market-leading text offers a unique balance of clear concepts, contemporary theory, and practical applications in order to help students understand the concepts and reasons behind corporate budgeting, financing, working capital decision making, forecasting, valuation, and Time Value of Money (TVM). Offering the most cutting-edge coverage available, the Fourteenth Edition includes discussions of the federal debt, the ongoing recovery of financial markets, and the European debt crisis. Numerous practical examples, Quick Questions, and Integrated Cases demonstrate theory in action. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Trust the market-leading author team that has set the standard for quality, reliability, accuracy, and innovation edition after edition to help you put your students on the forefront of understanding today's corporate finance and financial management. This new edition is First in Finance with a unique, proven, compact approach to teaching introductory finance principles that offers a unique balance of clear concepts, contemporary theory, and practical applications. Because the goal of financial management is to maximize a firm's value, this new Concise Edition emphasizes the concept of valuation throughout, covering Time Value of Money (TVM) early to allow students time to absorb the concepts fully. The book's strong, focused foundation in the basics makes it easier for students to understand the how and why of corporate budgeting, financing, and working capital decision making. Throughout this edition, the authors emphasize an understanding of applications using numerous real-world examples, proven end-of-chapter application problems, and Integrated Cases
