When Surya the sun god got married, his wife could not bear the heat of his rays and ran away. Surya was heartbroken and the world plunged into darkness. A dwarf asked a king for some land, which he measured with three footsteps, and ended up claiming the earth and the sky. Sage Daksha got his daughters married to the moon, but later, in a fit of

and Legends of the Northern
and North-Western Indians

Timeless stories told anew
Find out how the world was
created, why the sun and the
moon never meet each other
though they live in the same
sky, how clouds appeared to
save mankind from the sun's
scorching rays and why
living creatures shed tears
when they are in pain.

Retold by bestselling author
Anita Nair, these magical
stories from all over the
world come alive with a
freshness and exuberance
that is sure to delight and
captivate readers of all
ages.

The wolf is one of the most widely distributed canid species, historically ranging throughout most of the Northern Hemisphere. For millennia, it has also been one of the most pervasive images in human mythology, art, and psychology. Wolves and the Wolf Myth in American Literature examines the wolf's importance as a figure in literature from

Access Free Myths Of The Nor Puffin Clics

the perspectives of both the animal's physical reality and the ways in which writers imagine and portray it. Author S. K. Robisch examines more than two hundred texts written in North America about wolves or including them as central figures. From this foundation, he demonstrates the wolf's role as an archetype in the collective unconscious, its importance in our national culture, and its ecological value. Robisch takes a multidisciplinary approach to his study, employing a broad range of sources: myths and legends from around the world; symbology;

Access Free Myths Of The Nor Puffin Clics

classic and popular literature; films; the work of scientists in a number of disciplines; human psychology; and field work conducted by himself and others. By combining the fundamentals of scientific study with close readings of wide-ranging literary texts, Robisch astutely analyzes the correlation between actual, living wolves and their representation on the page and in the human mind. He also considers the relationship between literary art and the natural world, and argues for a new approach to literary study, an ecocriticism that moves beyond anthropocentrism to
