The early part of the Achaemenid empire is very well known thanks to the Greek historian, Herodotus. His story of the Persian War marks the beginning of history as we know it. For the first time, instead of official inscriptions in which kings record their conquests, we have a lively text recording the story from both sides: alongside the Greek version, Herodotus also gives his ' Persian version ', telling the story of the rise of the Persian empire.

Persia An Archaeological Guide

Perge is a Turkish archaeological site containing mostly Roman ruins, but has a history dating back to Ancient Greece and the Persian Empire. Though the early history of Perge is more obscure, it is known that the site was captured by the Persians and then later by the armies of Alexander the Great in around 333BC.
