Problem Solving Culture in the organization – IspatGuru
Organizational problem solving goes beyond merely making a decision. It also includes finding and formulating the problem, implementing the decision, and an audit and review of the results produced. Deciding what to do when improving an organization is like the offense reaching the line of scrimmage in football.

our organization more "conflict-friendly" and "conflict-competent". There are two important things to remember about problems and conflicts: they happen all the time and they are opportunities to improve the system and the relationships.

Seven Steps for Effective Problem Solving in the Workplace

Organizations rely on people who can assess both kinds of situations and calmly identify solutions.

Problem-solving skills are traits that enable you to do that. While problem-solving skills are valued by employers, they are also highly useful in other areas of life like relationship building and day-to-day decision making.
