Westlake | Talks at Google Reinventing Capitalism: How we broke money and how we fix it — with Jon Freeman Reinventing Capitalism In The Age
Reinventing Capitalism in the Age of Big Data makes a compelling case that it will change the nature of the market itself. With brilliant insights, it explains how the shift from simple price signaling to data-rich preference matching will determine the winners and losers of the 21st century economy, and thoughtfully outlines steps to curb the excesses of this new environment."

REINVENTING CAPITALISM IN THE AGE OF BIG DATA BY VIKTOR MAYER-SCHÖNBERGER AND THOMAS RAMGE Data-rich markets are sweeping across the global economy. Until recently, communicating such rich information in markets was difficult and costly. So, we used a workaround and condensed all of this information into a single metric: price.
