College of Clinical  
Decision Support  
System. The RCR is  
working with

MedCurrent to deliver  
the pilot projects in the  
UK and elsewhere.

About iRefer | The  
Royal College of  
Radiologists

iRefer: Making the best  
use of clinical  
radiology, 8th edition is

# Where To Download Royal

a synthesis of evidence-based guidelines from UK and international sources and provides recommendations for everyday use of clinical imaging services.

## iRefer

The current edition, the eighth, was published in 2017 and is called iRefer. iRefer provides referring clinicians with

# Where To Download Royal

evidence-based advice on the best imaging tests or investigations to request. The College is working with a technology partner, MedCurrent, to pilot delivery of iRefer through Clinical Decisions Support software, so that referring clinicians can have access to iRefer as part of their normal

iRefer CDS | The Royal  
College of Radiologists

To facilitate appropriate referrals to radiology departments, The Royal College of Radiologists (RCR) has published RCR iRefer Guidelines: Making the best use of clinical radiology (iRefer) since 1989.

iRefer is now widely

# Where To Download Royal

accepted as a major tool to promote evidence-based imaging. The eighth edition of the guidelines was published in May 2017.

## About iRefer | iRefer

Fellows and members of The Royal College of Radiologists can access the guidelines for free. Access iRefer . NHS Scotland. If you work

# Where To Download Royal

within NHS Scotland,  
you can access iRefer  
for free. Users accessing  
the guidelines from  
within the NHS  
Scotland network  
should see a green 'Log  
in automatically' button  
on the iRefer homepage.
