The first historical heroic epic authored by a woman, Scanderbeide recounts the exploits of fifteenth-century Albanian warrior-prince George Scanderbeg and his war of resistance against the Ottoman sultanate. Filled with scenes of intense and suspenseful battles contrasted with romantic episodes, Scanderbeide combines the action and fantasy characteristic of the genre with analysis of its characters' motivations. In selecting a military campaign as her material and epic poetry as her medium, Margherita Sarrocchi (1560?-1617) not only engages in the masculine subjects of political conflict and warfare but also tackles a genre that was, until that point, the sole purview of men. First published posthumously in 1623, Scanderbeide reemerges here in an adroit English prose translation that maintains the suspense of the original text and gives ample context to its rich cultural implications.

Local and Regional Flaps in Head & Neck Reconstruction: A Practical Approach provides comprehensive, step-by-step instruction for flap raising and inseting for the head and neck region. Ideal for oral and maxillofacial surgeons, facial plastic surgeons, and head and neck surgeons, the book serves as a useful guide to planning reconstructive cases and an easily accessible reference prior to operation. Local and Regional Flaps in Head & Neck Reconstruction is logically organized into 24 chapters, each focusing on a local or regional flap, or a special site reconstruction. Chapters focused on a particular flap will begin with a detailed description of the relevant anatomy and discuss potential applications of the flap before moving into a detailed step-by-step description of how to elevated and transfer the flap to the defect site. Potential complications will also be addressed. Well-illustrated with more than 800 clinical photographs and with a website featuring surgical procedures, this book is an ideal reference for those new to practice and experts alike.

The Iron Curtain concealed from western eyes a vital group of national and regional writers. Marked by not only geographical proximity but also by the shared experience of communism and its collapse, the countries of Eastern Europe--Poland, Hungary, Albania, Romania, Bulgaria, and the former states of Yugoslavia, Czechoslovakia, and East Germany--share literatures that reveal many common themes when examined together. Compiled by a leading scholar, the guide includes an overview of literary trends in historical context; a listing of some 700 authors by country; and an A-to-Z section of articles on the most influential writers.

Father Goriot is one of French novelist Honore de Balzac's most important pieces of writing. Three lives intertwine in Paris: an old man, a criminal and a law student. The novel evokes an unstable period in France, when many were desperate to climb the social ladder into the upper classes, and it questions social institutions such as marriage. The city is an important presence in this work. Balzac was both praised and censured for his realistic portrayal of city life.

Masterful in its simplicity, Chronicle in Stone is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty--as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.
