This is the manual used to train the BATF assault force that conducted the tragic raid against the Branch Davidian compound in Waco, Texas. A provocative foreword by Jim Pate proves the murky and possibly illegal use of this manual to train law enforcement personnel, as well as the ominously changing role of the BATF. Study this manual and learn how federal

troops go about the business of "law enforcement" with full military intent and force.

Military units and SWAT teams that specialize in Close Quarters Battle (CQB) typically bring a large force to the fight and often have numerous supporting assets such as snipers, helicopters and tactical vehicles. Thus, the scenario of a single Soldier or SWAT officer having to operate alone is also relatively unlikely and often receives less attention. However, for ordinary citizens in a home-defense scenario or for police officers responding to an emergency call, the chances of having to operate alone are quite likely. In these types of situations, backup is frequently unavailable or will not

This Tactical Manual (TM) is the result of more than a quarter century of experience at the highest professional levels, based on a solid foundation of SOF selection and training, reinforced by deployments to multiple conflict zones spanning pre-9/11 and the current Global War On Terror. The contents of the TM are combat proven and time tested small unit tactics employed on Light Infantry, Special Operations and Paramilitary deployments. The TM is intended to support training and operations for small tactical units. The TM utilizes a number of sources, including United States and British Army doctrine, mixed with training and operational best practices and lessons learned. The TTPs laid out are ideal for special operations, light
