and he is targeted by the infamous Darth Vader.

With the dark ascension of the Empire, and the Jedi Knights virtually wiped out, one Jedi who escaped the massacre is slated for a date with destiny—and a confrontation with Darth Vader. Jax Pavan is one of the few Jedi Knights who miraculously survived the slaughter that followed Palpatine's ruthless Order 66. Now, deep in Coruscant's Blackpit Slums, Jax ekes out a living as a private investigator, trying to help people in need while concealing his Jedi identity and staying one step ahead of the killers out for Jedi blood. And they're not the only ones in search of the elusive Jax. Hard-boiled reporter Den Dhur and his buddy, the highly unorthodox droid I-5YQ, have shocking news to bring Jax—about the father he never knew. But when Jax learns that his old Jedi Master has been killed, leaving behind the request that Jax finish a mission critical to the resistance, Jax has no choice but to emerge from hiding—and risk detection by Darth Vader—to fulfill his Master's dying wish. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

seems unchecked. But one lone Knight continues to fight the good fight—against all odds and when all else fails. Deep in the bowels of Coruscant, Jedi Jax Pavan ekes out a living as a private investigator, a go-to, can-do guy for the downtrodden. Now a mysterious Zeltron knockout named Deejah approaches Jax with a case that needs to be cracked: to find out who killed her artist lover Volette, brutally murdered hours after his triumphant unveiling of a dazzling new light sculpture with obvious links to lightsaber pyrotechnics. Finding Volette's killer won't be easy—too many secrets, too many suspects, and all kinds of motives. But with the droid I-5YQ's help, and ex-reporter Den Dhur's excellent snooping skills, the investigation is soon operating like a well-oiled machine. Unfortunately, there's a far more efficient machine hunting Jax. It's a deadly game of cat-and-mouse as the clock starts ticking toward the final explosive showdown . . . to see who strikes first and who will die first. to the ultimate confrontation with Darth Vader.

Jedi Knight Jax Pavan ekes out a living in Coruscant's Blackpit Slums while trying to elude Palpatine's hired killers, until a deathbed request from his former Jedi Master sends him on a mission to fulfill his Master's dying wish.

While the Clone Wars wreak havoc throughout the galaxy, the situation on the far world of Drongar is desperate, as Republic forces engage in a fierce fight with the Separatists. . . . The threatened enemy offensive begins as the Separatists employ legions of droids into their attack. Even with reinforcements, the flesh and blood of the Republic forces are just no match for battle droids' durasteel. Nowhere is this point more painfully clear than in the steaming Jasserak jungle, where the doctors and nurses of a small med unit face an impossible situation. As the dead and wounded start to pile up, surgeons Jos Vandar and Kornell "Uli" Divini know that time is running out. Even the Jedi abilities of Padawan Barriss Offee have been stretched to the limit. Ahead lies a test for Barriss that could very well lead to her death- and that of countless others. For the conflict is growing-and for this obscure mobile med unit, there's only one resolution. Shocking, bold, unprecedented, it's the only option Jos and

his colleagues really have. The unthinkable has become the inevitable. Whether it kills them or not remains to be seen. “THAT’S NO MOON.” -Obi-Wan Kenobi The Death Star’s name says it all, with bone-chilling accuracy. It is a virtual world unto itself—equipped with uncanny power for a singularly brutal purpose: to obliterate entire planets in the blink of an eye. Its annihilation of the planet Alderaan, at the merciless command of Grand Moff Tarkin, lives in infamy. And its own ultimate destruction, at the hands of Luke Skywalker, is the stuff of legend. But what is the whole story, and who are the players, behind the creation of this world-killing satellite of doom? The near extermination of the Jedi order cleared the way for Palpatine—power-hungry Senator and Sith Lord—to seize control of the Republic, declare himself Emperor, and usher in a fearsome, totalitarian regime. But even with the dreaded Darth Vader enforcing Palpatine’s sinister will, the threat of rebellion still looms. And the Emperor knows that only abject fear—and the ability to punish dissent with devastating consequences—can ensure his unchallenged control of the galaxy. Enter ambitious and

ruthless government official Wilhuff Tarkin, architect of the Emperor's terrifying dream come true. From inception to completion, construction of the unprecedented Death Star is awash in the intrigues, hidden agendas, unexpected revelations, and daring gambits of those involved on every level. The brightest minds and boldest egos, the most ambitious and corrupt, the desperate and the devious, all have a stake in the Death Star-and its potential to control the fate of the galaxy. Soldiers and slaves, loyalists and Rebels, spies and avengers, the innocent and the evil-all their paths and fates will cross and intertwine as the Death Star moves from its maiden voyage to its final showdown. And a shadowy chapter of Star Wars history is stunningly illuminated in a thrilling, unforgettable adventure. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

evil Sith Lord, Darth Sidious, only to become trapped in a labyrinthine web of lies, betrayal, and intrigue.

Two years have passed since Jacen Solo, seduced by the dark side and reanointed as the brutal Sith Lord Darth Caedus, died at the hands of his twin sister, Jaina, Sword of the Jedi. For a grieving Han and Leia, the shadow of their son's tragic downfall still looms large. But Jacen's own bright and loving daughter, Allana, offers a ray of hope for the future as she thrives in her grandparents' care. And when the eager, inquisitive girl, in whom the Force grows ever stronger, makes a curious discovery aboard her grandfather's beloved spacecraft—the much-overhauled but ever-dependable Millennium Falcon—the Solo family finds itself at a new turning point, about to set out on an odyssey into uncertain territory, untold adventure, and unexpected rewards. To Han, who knows every bolt, weld, and sensor of the Falcon as if they were parts of himself, the strange device Allana shows him is utterly alien. But its confounding presence—and Allana's infectious desire to unravel its mystery—are impossible to dismiss. The only answer lies in backtracking into the past on a fact-finding expedition to retrace the people, places, and events in the checkered history of the vessel that's done everything from making the Kessel Run “in less than twelve parsecs” to helping

topple an evil empire. From the moment the Falcon broke loose from a Corellian assembly line like an untamed creature with a will of its own, it seemed destined to seek out trouble. It wasn't long before the feisty YT-1300 freighter went from shuttling cargo to smuggling contraband. But it's a fateful rendezvous on Coruscant, at the explosive height of the Republic/Separatist uprising, that launches a galaxywide cat-and-mouse game whose newest players are Han, Leia, Allana, and C-3PO. And they're not alone: Crime lords, galactic pirates, rogue politicians, and fortune hunters alike loom at every turn of the quest—each with his or her own desperate stake in the Millennium Falcon's most momentous mission. Through the years and across the stars, from the Rim worlds to unknown points beyond, the race will lead them all to a final standoff for a prize some will risk everything to find—and pay any cost to possess.
