### One-Page Project Manager for Execution Book

The one-page project manager is a great format for tracking simple projects and communicating status with others. Some people may not find the format immediately intuitive but with a bit of training/sharing, I've found that people are quickly introduced to the concept of how to read and create one-page project management summaries.

### Amazon.com: Customer reviews: The One-Page Project Manager ...

The one-page project manager is a method that Clark Campbell created while working as a high level manager at O.C. Tanner in Salt Lake City. The writing in the book is a little on the light side, and quite boring, however the concepts presented are invaluable.

How to manage any project on just one piece of paper The New One-Page Project Manager demonstrates how to efficiently and effectively communicate essential elements of a project's status. The hands of a pocket watch reveal the time of day without following every spring, cog, and movement behind the face. Similarly, an OPPM template reduces any project—no matter how large or complicated—to a simple one-page document, perfect for communicating to upper management and other project stakeholders. Now in its Second Edition, this practical guide, currently saving time and effort in thousands of organizations worldwide, has itself been simplified, then refined and extended to include the innovative AgileOPPM™. This Second Edition will include new material and updates including an introduction of the ground-breaking AgileOPPM™ and an overview of MyOPPM™ template builder, available on-line Includes references throughout the book to the affiliated sections in the Project Management Body of Knowledge (PMBOK®) Shows templates for the Project Management Office (PMO) This new and updated Second Edition will help you master the one-page approach to both traditional project management and Agile project management. (PMBOK is a registered marks of the Project Management Institute, Inc.)

Drive Strategy With Simplicity-On A Single Sheet Of Paper! The One-Page Project Manager set a new standard as an understandable and easy-to-apply organizational tool, allowing managers to summarize complex projects on a single information-rich page. This book, third in the OPPM series, describes how to combine the OPPM with the Toyota A3 report to create an enhanced, integrated management tool. With a refreshingly clear style, the authors walk users through implementing the OPPM/A3 using a variety of real-world case studies, as well as their own experience at O.C. Tanner Company. Rich with tools, templates, and teaching, the emphasis throughout remains on maintaining simplicity across the organization—communicating the right information to the right people at the right time to get the right things done. Praise for The One-Page Project Manager "Executives want the answers to two questions: Where are we today? Where will we end up? Do you really believe this cannot be accomplished on a single sheet of paper? The One-Page Project Manager series of books is encouraging you to do just that. Making this part of your Project Management methodology will simplify and improve your project communication, especially for busy executives." —Harold D. Kerzner, PhD, Senior Executive Director, International Institute for Learning, Inc. Clark Campbell fills a void and bridges a communication gap that has long existed between company executives and project or program managers. OPPM successfully links corporate strategy to those in the trenches managing projects." —Dr. Denis R. Petersen, PMP®, President and CEO, Milestone Management Consultants, LLC "Clark Campbell and Mike Collins present how OPPM works to drive strategy deployment. With OPPM in our lean tool kit, we have tapped into the creativity of our people to pump up productivity, cut cycle times, reduce inventories, and sustain world-class quality." —Harold Simons, Executive Vice President, Supply Chain, O.C. Tanner Company Member of the Shingo Prize Board of Governors

Clark A. Campbell, author of a best-selling book on project management, has written a project management guide specifically for IT professionals who want to save time and work more efficiently. The One Page Project Manager for IT Projects:Communicate and Manage Any Project With A Single Sheet of Paper presents you with a winning formula for managing your complex IT projects using minimal resources. Coverage of vital topics like working with outside consultants, ERP project management, and ISO 9000 will be of special interest to IT managers and CIOs.

No project management training? No problem! In today's workplace, employees are routinely expected to coordinate and manage projects. Yet, chances are, you aren't formally trained in managing projects—you're an unofficial project manager. FranklinCovey experts Kory Kogon, Suzette Blakemore, and James Wood understand the importance of leadership in project completion and explain that people are crucial in the formula for success. Project Management for the Unofficial Project Manager offers practical, real-world insights for effective project management and guides you through the essentials of the people and project management process: Initiate Plan Execute Monitor/Control Close Unofficial project managers in any arena will benefit from the accessible, engaging real-life anecdotes, memorable "Project Management Proverbs," and quick reviews at the end of each chapter. If you're struggling to keep your projects organized, this book is for you. If you manage projects without the benefit of a team, this book is also for you. Change the way you think about project management—"project manager" may not be your official title or necessarily your dream job, but with the right strategies, you can excel.

The only book of forms that exactly follows the content of the PMBOK Guide, A Project Manager's Book of Forms provides a "road map" approach so readers know exactly where they are and what forms precede and follow their current position on a project. This Second Edition aligns with the release of the Fifth Edition of the PMBOK Guide. Hard copies of the forms may be taken and reproduced directly from the book, and completely editable electronic versions of all the blank forms, in Microsoft Office-compatible format, are available on an accompanying website. You may use them as is or tailor them to your own needs.

To support the broadening spectrum of project delivery approaches, PMI is offering A Guide to the Project Management Body of Knowledge (PMBOK® Guide) - Sixth Edition as a bundle with its latest, the Agile Practice Guide. The PMBOK® Guide - Sixth Edition now contains detailed information about agile; while the Agile Practice Guide, created in partnership with Agile Alliance®, serves as a bridge to connect waterfall and agile. Together they are a powerful tool for project managers. The PMBOK® Guide - Sixth Edition - PMI's flagship publication has been updated to reflect the latest good practices in project management. New to the Sixth Edition, each knowledge area will contain a section entitled Approaches for Agile, Iterative and Adaptive Environments, describing how these practices integrate in project settings. It will also contain more emphasis on strategic and business knowledge—including discussion of project management business documents—and information on the PMI Talent Triangle™ and the essential skills for success in today's market. Agile Practice Guide has been developed as a resource to understand, evaluate, and use agile and hybrid agile approaches. This practice guide provides guidance on when, where, and how to apply agile approaches and provides practical tools for practitioners and organizations wanting to increase agility. This practice guide is aligned with other PMI standards, including A Guide to the Project Management Body of Knowledge (PMBOK® Guide) - Sixth Edition, and was developed as the result of collaboration between the Project Management Institute and the Agile Alliance.

The Lazy Project Manager shows how adopting a more focused approach to life, projects and work can make us twice as productive. By concentrating project management to exercise effort where it really matters we will work smarter. The simple techniques of lazy project management can help us to work more effectively and improve our work-life balance.
