Technician

The Technician is a VR action puzzle game about hacking your way through security systems. Usually while being shot at. Break, hack, crack, solder, and logic your way through circuit puzzles. Careful, though; security is onto you and bypassing systems doesn't get any easier when you're ducking behind cover. Cross the wrong wire or flip the wrong switch and watchdogs in the circuitry will only ...

Technician - definition of technician by The Free Dictionary

A technician is a worker in a field of technology who is proficient in the relevant skill and technique, with a relatively practical understanding of the theoretical principles. In order to acquire the title of a technician you have to either: graduate from Technikum school (in Poland and few other countries from the former Soviet Bloc countries only) or graduate from High school (in the US only).

Technician - Wikipedia

Effect In battle, Technician increases the power of moves which have a power of 60 or less by 50%. For moves with variable power, Technician will only apply if the power is 60 or less when used. For example, Low Kick and Grass Knot will only get a Technician boost if the target's weight is 110.0 lbs. (49.9 kg) or less. The only external power-modifying effects which are applied before ...
